Leveled Technique- Grade 5th-Senior

Our leveled classes are focused on building strong dancers with an emphasis on technique, artistry, discipline, teamwork and persistence. Advancement is based on correct placement, skill mastery, and instructor recommendation - not by age - which means all classes have a variety of age levels. Students spend an average of two-three years at each level before mastering the skills to advance to the next level. Classes in our leveled program run recreational through pre professional.
