

November Edition

### From the Director

Fall is in full effect here at TDC!! We had so much fun during dress up week and loved seeing all the dancers costumes both in person and virtually! We continue to work on bringing new programs your way, making changes to the schedule, and finalizing our year end calendar! We know this year continues to be different but we cannot thank our entire community for their cooperation as we continue to adjust! We could not be more proud of our dancers. They have been rock stars through the changes and continue to work hard, dance often, and smile big (even when masked)! As always I am here for any questions, concerns, suggestions or anything else you may need! Happy November!

Be Well- Miss Tarryn
