Each week, we'll keep you informed and give you a heads-up on upcoming events via email and social media. Don't miss out on the latest updates!

THE DANCE COMPANY IS ONE OF THE FIRST NEW HAMPSHIRE AREA DANCE STUDIOS TO EARN A SAFETY CERTIFICATION WITH YOUTH AMERICAN PROTECTION ADVOCATES IN DANCE. THE CERTIFICATION MARKS OUR COMMITMENT TO KEEPING KIDS HAPPY, HEALTHY AND SAFE IN DANCE, THEATER AND ACROBATICS.

**YOUTH PROTECTION
ADVOCATES IN DANCE**

YPAD is the nation's only dance certification program focusing on both safety and wellness for students. To earn the designation, studios must complete two training tracks. The first track centers on dance safety and educational best practices. It focuses on background checks, CPR and First Aid, abuse awareness and prevention, injury prevention and response, and safety and emergency preparedness. The second focuses on the wellness and development of youth dancers and covers social media, social media safety, today's dance culture, developmentally appropriate artistry, body image, nutrition, disordered eating, bullying, and conflict resolution. Only studios who complete both tracks are eligible for this complete certification.

YPAD was founded in Los Angeles in 2012 by hip hop professional Leslie Scott Zanolitch and her husband Joseph Zanolitch as a response to negative trends toward commodifying and exploiting youth and adults in performing arts. In 2014, industry professional Misty Lown became its visionary sponsor, and her More Than Just Great Dancing affiliation program became YPAD's first certified organization. Lown's studio, Misty's Dance Unlimited, also became YPAD's first certified dance studio. YPAD leadership transitioned to Lown in 2019.

The Dance Co is beyond proud of our team that dedicated nearly 20 hours each completing not only the training, but also becoming First Aide and CPR certified. We continue to serve more than 600 children in our community each season. Our ultimate mission at TDC continues to focus on building the best business practices, community involvement, teacher training, and quality curriculum for our students and the performing arts community!

DON'T CRY DRY YOUR EYES!

Don't worry, crying happens!

Our staff is here to make dance a positive and fun experience for your little dancer!

Common reasons children may cry at dance class:

- 1. New Environment:** Dance lessons expose children to a new place with exciting new stimuli including sights, sounds, textures, and friends.
- 2. Age:** Children develop their social and emotional cognitive skills at their own pace. We encourage you to give your child time to adjust to new situations. On average it takes about 6-8 weeks for kids to feel entirely comfortable.
- 3. Separation Anxiety:** Your child may cry as they explore separation anxiety specifically if this is their first time away from a parent, the concept is new, or if they are really shy. This is totally normal and expected. We promise it does get better! If it doesn't the staff at TDC will work with you on what your next steps should be or if your dancer needs a little more time!

HELPFUL HINTS FOR YOUR FIRST FEW WEEKS!

Dance classes are fun and full of energy. Give your child the time they need to adjust to the excitement. We kindly ask that you don't force them in the room. They may need a moment to regroup and then try again. If they don't participate in the first few classes, that's ok! We suggest practicing and creating a quick goodbye routine to help ease your child into class. And if they need you in anyway we will be sure to come and get you!

Sometimes parents need time to adjust too! Try watching your dancer on the closed circuit TV's rather than the windows, seeing your in the window can distract all the dancers and lengthen everyone's adjustment period. If your child needs you in the room we allow this for the first 4 weeks of class (3 and under) with the ultimate goal for them to be able to attend class alone. Ideally quietly sitting against the wall is best but if they need you to participate that's ok. Parents only no siblings (infant exceptions).

Our staff is prepared and equipped to help your child ease into class. Every child is different and we want this FUN new experience to be successful for them too!

Together with time and patience, everyone will enjoy the magic of dance!
